Hughenden Kindergarten and Early Childhood Centre is a not for profit organisation that reinvests any surplus made back into the services and programs to better achieve outcomes for children. Fees are based on operational and financial considerations to ensure sustainability of our services. Due to changes in economic, political, or legislative conditions, the Committee reserves the right to amend fees at any time. We will provide families with as much notice as possible regarding fee amendments and will give families a minimum of fourteen days' notice in advance of any changes to fee structure and payment processes. Families will be notified on our Facebook Page, Story Park App and in our newsletter of any fee changes.
