

# C&K Parkhurst Childcare Centre OPENING SOON

## JANUARY 2024

Thank you for considering **C&K Parkhurst Childcare Centre** for your child's early education and care. There has been a lot of progress since our last update, we'd like to share.

### Building update

The walls, windows and doors have been fitted, and plumbing and electrical work laid in, so our internal spaces are starting to take shape.

Outside, work has begun on our playground with the construction of the play fort and support posts for shade structures.

The centre is on a one-acre block of land, which will allow for an extensive playground, spacious verandas and eight educational rooms.

### Services

We will provide play-based early childhood education and care for children aged 6 weeks to 5 years of age. This includes the Queensland Government's new Free Kindy initiative, where eligible-aged children will receive 15 hours per week, 40 weeks/600 hours a year of free kindergarten. You can find out more about **Free Kindy** on our website.

### Recruitment update

C&K's Talent Team has started a local and state-wide recruitment campaign to find qualified and passionate staff to join the Parkhurst team. A range of positions are available, so please visit the **C&K Careers web page** if you or someone you know is interested.

We will continue to keep you informed as the project progresses and look forward to sharing these exciting updates with you. Our next milestones include painting, building the carpark and progressing the playground.
