

C&K Parkhurst Childcare Centre

MARCH 2024

Building update

C&K Parkhurst is continuing to take shape with the internal flooring, amenities installation and tiling all complete. The outside area is ready for landscaping to start next week.

The centre will boast 8 flexible educational spaces, which will all have doors and windows that open onto the wrap-around veranda, which provides a sun-safe space for activities and play.

Capacity

The centre will have capacity for 136 children, aged 6 weeks to 5 years old, which is based on child-to-staff ratios set by the Queensland Government. C&K's commitment to excellence and regulatory standards is essential to provide a nurturing, educational, and safe environment for all children.

Onsite meals

Our commercial kitchen is nearly finished and will allow our onsite cook to plan and prepare a tasty and nutritious menu for all children. The inclusive menu will meet the children's preferences, allergies and cultural requirements and use locally available food and produce. The menu will be updated four times a year to reflect seasonal availability and introduce children to a variety of flavours and ingredients.

We are continuing to work on our opening schedule. As we mentioned in the last edition, there are many components involved in opening a new centre. We will keep you updated as we continue to progress.
