Under shade from large established trees Western Suburbs Kindergarten is back from the busy main roads and yet right in the heart of Townsville. Quiet, safe & convenient, one of the largest outdoor natural play spaces in Townsville. Established and supported by the Townsville Community since 1966 Western Suburbs is a well-recognised and respected Kindergarten. It has a tradition of high quality education providing the best possible start for your child.

Western Suburbs Kindergarten is an approved Kindergarten Program Provider under the Queensland Kindergarten Funding Scheme (QKFS) and is affiliated with C&K; an approved Central Governing Body that administers the Kindergarten's funding.

The Kindergarten Program is informed by the Early Years Learning Framework's (EYLF) five 'Learning Outcomes'. Educators use C&K's Curriculum Approach – listening and learning together to guide every interaction, negotiation and collaboration that occurs within the learning environment and for planning and documenting the program and children's learning.

An important aspect of our programme is the establishment and maintenance of a partnership with parents based on mutual respect. A spirit of warmth, encouragement, respect for and consideration of others, characterise the implementation of the programme.
