An application form must be completed before any child can be entered on to the waiting list. A separate waiting list is maintained for the Kindy and Pre Kindy groups.

To be eligible to attend the **Kindy Group** children need to turn or be 4 years of age by the 30th June.

To be eligible to attend the **Pre Kindy Group** children need to turn or be 3 years of age by the 30th June. What is kindy?

Kindy is an early childhood education program that is:

- * play based
- * teacher delivered
- * part-time
- * non-compulsory.

A quality kindy program is the foundation of early childhood education and prepares children for school.

What is an Approved Kindergarten program?

Approved Kindergarten programs, identified by the 'kindy tick' logo, are taught by qualified early childhood teachers and run for 15 hours a week for 40 weeks, or 1 school year. They are assessed and certified by the Queensland Government to ensure children across the state receive a consistent, quality education.

Why is a Kindy/Pre Kindy program important?

The play-based learning of an Approved Kindergarten program helps prepare children for school and develop skills that are useful for life. Kindy programs:

- * enhance and support social and communication skills
- * build self-confidence
- * encourage physical abilities
- * develop reading, writing and numeracy skills
- * cultivate a lifelong love of learning.

What will my child learn?

Approved Kindergarten programs develop your child's physical, social, intellectual, language and emotional abilities. They will have opportunities to learn how to:

- * use language to communicate ideas, feelings and needs
- * make friends and cooperate with other children
- * become more independent and confident in their abilities
- * develop self-discipline
- * creatively express ideas and feelings through art, dance and dramatic play
- * identify, explore and solve problems
- * develop reading, writing and numeracy skills.

Your child will take part in individual and group activities such as block play, painting, games, puzzles, storytelling, dress-ups, dancing and singing.

Children take part in outdoor physical activities and interact with the natural environment

What is the learning program based on?

All Approved Kindergarten programs are based on the Queensland Kindergarten Learning Guideline. The Pre Kindy program is based on the Early Years Learning Framework. These guideline gives teachers advice on how to deliver a kindy program that meets national and state quality standards and regulations.
